## School Needs \$85,000 Addition

### KINDERGARTEN A POSSIBILITY

As education demands rise, so does the cost of facilities.

On Wednesday, March 13th, the Minden Public School Board asked Council to approve an \$85,000 expenditure for the addition of three rooms to the Archie Stouffer Public School.

Council approved an amount up to \$85,000 for the expenditure on the construction of 2 classrooms and one library research classroom.

At the present time two rooms in the basement are being used which is against regulations. Also at present, with the government giving such grants on books, it is felt that the school should be buying as many books as possible, requiring a place to keep, and display them.

Approval for this expansion still has to come from Snowdon and Lutterworth Townships.

The question of a kindergarten, is once again being talked about.

According to school board officials, the only block in the way of a kindergarten is a 12 foot buffer zone owned by Mrs. McKay. This zone runs in front of the new school, leaving no bus access.

If the school board could obtain this zone a kindergarten could be started in the Sweeten Wing for a low renovation cost of approximately \$4,000.

The area used by the buses to drive into the school yard would be needed for the kindergarten playground. This area for the buses to drive in, even without the addition of a kindergarten is not recommended by the board, for the buses now are driving in the midst of children.

Some 460 children are now using the Minden Public School.

### WOMEN'S AUXILIARY HYLAND CREST MEET

The 19th regular meeting of the womens auxiliary of the Hyland Crest Senior Citizens Home was held in the Craft room of the Home on March 12th, 1968 at 8.00 p.m., with a fair turnout considering the bad weather.

Mrs. Elsie Bursay, the President opened the meeting with the auxiliary prayer.

It was agreed that we would purchase three full-length mirrors for use in the womens section.

A new organ was donated for the Chapel by the Gordon McKay Memorial Fund with the balance being subsidized anonymously. The old one is to be set-up in the Craft room for the residents to use if they wish. A mangle was also donated for the laundry room.

It was also agreed that we would see about purchasing a wheel chair, and also a walker.

We have three student volunteers helping during the supper hour at the home. If any other students are interested, please get in touch with Mr. Wade, the Superintendent at the Home. After a short meeting we all adjourned to the Auditorium to prepare for the forthcoming St. Patrick's card party.

### MINDEN BANTAMS TO PLAY SCHOMBERG IN SEMI-FINALS

The Minden Bantams will clash Schomberg in the Ontario Semi-Finals. The first game of the best of three series will be played in Haliburton Friday evening at 7.30.

The second game will be played back in Schomberg on Saturday afternoon at 3.00 p.m.

The Schomberg team eliminated Bala in the quarter finals.

It is hoped by club officials that a good crowd will be on hand Friday evening to cheer the local team to victory.

### THURSDAY SMILE

Intuition is what enables a woman to contradict her husband before he says anything.

### BUDGET FOR VICTORIA - HALIBURTON COUNTY HEALTH UNIT SET

A total estimated budget of \$127,914.90 for the operation of the Victoria - Haliburton County Council in standing committee on finance and assessment Tuesday. The budget will be submitted to Haliburton County Council for their consideration and possible approval.

Provincial grants estimated available for the two-county health unit were estimated at \$61,900. Haliburton County's share based on 22 1/2 per cent of the total estimated budget will amount to \$14,760, and 77 1/2 per cent to be borne by Victoria County amounts to an estimated \$51,254.90.

Council members commented this would amount to one mill on the Victoria County level for public health services.

Council members learned the appointment of Dr. A. G. Bailey as Medical Health Officer for Victoria and Haliburton Counties had been approved by Dr. Dymond, Provincial Minister of Health.

Mariposa Reeve John Starr urged council concern itself with

getting the unit in operation rather than worry about the terms of the two county agreement. Woodville Reeve John Campbell expressed the opinion Haliburton County was getting a "good deal" for their 22 1/2% of the counties' share and getting full coverage.

Council members learned it is hoped to have the unit operational by about May 1, 1968.

### MINDEN KINETTES HOLD FASHION SHOW

On Thursday evening March 21st the Minden Kinettes will present "Spring and Summer Fashions".

This fashion show will feature all spring and summer clothing donated by Cox's Apparel and F.E.A. Griffiths Corp. Stores.

Doors at the Minden Public School will open at 8.00 p.m. Don't miss this evening of fashion bring a friend with you. Door prizes will be given away.

### HEAVY AGENDA - ANSON, HINDON & MINDEN COUNCIL MET LAST WEDNESDAY

A heavy agenda was instored for the Council of Anson, Hindon and Minden when they met last Wednesday, March 13th.

The Reeve Charles Brandon, Reeve M. S. Vasey, and councillors Reg. Booth, Robert Gorrie and Roy Windover were in attendance. Present also were Clerk G. Bibby, Road Overseer J. Earl Hewitt, By-Law Officer Art Young.

The meeting opened with the reading of the minutes of the previous meeting. These were approved and carried.

Correspondence was dealt with from the following; R.V. Anderson Associates, asking that their account of \$260. be forwarded to Ontario Water Resources Commission as a charge against the project 66-W-174 and authorizing them to pay the account.

The Dept. of Highways re the speed zoning study in Carnarvon on Highway 35 and 530 and stating that they have recommended a 45 miles per hour zoning on highway 35 through the Carnarvon area.

The Minden Township School Area Board asking for monies for the purpose of adding a

building at the Archie Stouffer School, also stating that a delegation from the board would be pleased to attend the council meeting.

Mr. E. H. Jones stating he would attend Council meeting on March 13th in his new capacity as a member of a firm consulting engineers.

The Honourable D. McKeough, Minister of Municipal Affairs, re the status of summer cottage properties in relation to the basic shelter exemptions.

A report from the Ontario Water Resources Commission stating that the reserve fund cannot be used for regular quarterly payments.

From Canadian Imperial Bank of Commerce stating that the borrowing rates would be at 7% per annum.

From the Municipality of Stanhope enclosing a copy of resolution passed at their meeting on Friday March 1st, in respect to dogs running at large.

From Rev. K.A. Thatcher of St. Pauls Anglican Church in respect to the Municipality taking over

## HERE AND THERE

by FENWICK FINCH

Before I get into what will have to pass for a column this week let me tell you about something I've run across.

As I have learned in the past whenever you have a wedding the taking of pictures is a problem — but all that has been solved, now. Jim Wade is a man of many hobbies chief among them being PHOTOGRAPHY — now, as Jim sez "this is an expensive hobby" so he is available for wedding pictures, or other kinds, as far as that goes. Jim figures that since there are no professionals in the County it might be that he could be of assistance to someone.

The wedding season is on the way — if you want to call Jim you'd better get in early because he's starting to get booked up already.

So, there you have it, a long-felt need in the County where you can get professional photography done — and at extremely reasonable rates.

\* \* \* \*

Things are pretty quiet on the U.F.O. front there have been few sightings lately and about the last excitement was when Harry Burke unloaded his rifle into a "metal monster" in his yard.

In the past the County has had sightings of "ghosts," "sea-serpents" and unexplained "tracks."

About a year ago there were quite a few reports from Bridgenorth, Peterborough and Omeme areas where residents were awakened from sleep in the early morning hours by "whirring noises". The residents didn't sight anything unusual but one resident mentioned the fact that his house "vibrated."

You will remember over a year ago Keith Newbatt wrote an article covering the "sightings" he and others had.

In spite of all the study that goes on no one has yet come up with an answer to what we have been sighting. Any ideas?

\* \* \* \*

Speaking of Martians etc. how about the two Martians who were sent to Earth to pick up an inhabitant or two — they tore up two gasoline pumps and took them home. They were congratulated by their leader when someone who was more observant than the others said, "what a pair of jerks, how do you expect to breed these and raise slave workers? — they brought home two males."

\* \* \* \*

Before we close let's have a look in "Floyd Hall's Almanac" and see if we can come up with a little space filler.

Just took a quick run through the Almanac and can't find a thing short enough to fill in the space I have left — so, that'll have to be it until next week.

\* \* \* \*

Until we're around again think about this friend of mine — "He's a real failure — he's always undertaking vast projects with half-vast ideas."

\* \* \* \*

Take care — and drive carefully — the traffic is getting heavy.

Fenwick

## CRIPPLED CHILDREN CAMPAIGN STARTS TODAY

Starts Today, the annual Easter Seal Campaign opens here in Ontario with the traditional mailing of two and one half million Easter Seal appeal letters.

There will be no door-to-door canvassing, telephone solicitations or payroll deduction methods during the campaign month set aside to raise funds for 16,000 needy crippled children.

Provincial target for the 1968 campaign is \$1,400,000. — a large sum of money, but very much needed by the Ontario Society for Crippled Children and the 231 participating Easter Seal Service clubs who with your help continue financing one of the largest most important comprehensive children's physical rehabilitation programs in the world.

This year's campaign has involved many months of organized planning and preparation by countless thousands of volunteer service club members hopeful that it will produce the highest returns in the Society's forty-seven year history.

All donations, large and small will as usual help some crippled girl or boy.

Official income tax receipts will be issued for every gift. The Society and each of the 231 clubs are all Registered Charitable Organizations and have established Charitable Trusts with the Department of National Revenue in Ottawa.

Lets everyone give to Easter Seals this year and if at all possible — more than ever before.

## OPP PATROL NEARLY 20,000 MILES IN WEEK

The Ontario Provincial Police accident statistics report for Victoria and Haliburton Counties for the week of February 25 to March 2 inclusive shows 19 accidents were investigated involving injury to four people and total damage amounting to near \$9,000.00.

Minden Detachment officers investigated eight accidents during the week in which two persons suffered injury. Total estimated damage was reported to be \$2,960.

No accidents were reported by the Cobocok detachment.

Three accidents were reported by the Fenelon Falls Detachment. No injuries were involved and total damage amounted to \$465.

Total damage estimated at \$5,200 resulted from eight accidents investigated by Lindsay Provincial Police. Two persons were injured.

Total mileage by all detachments on patrol during the week totalled 19,480 miles. 487 man-hours were spent on patrol.

## ROTARY CORNER

Miss Ann Barwell from the Bell Telephone's Public Relations Department will be guest speaker at the Minden Rotary Club on Monday, March 25th.

Miss Barwell is an expert in her field, giving a talk and showing slides and music of high-lights from 1900 to 1968, with extra slides on the advancements being made by the Telephone System.

A good turnout is expected, each member is asked to bring one or two guests, for this talk by Miss Barwell will certainly be worthy of a large audience.

Rotarians and friends of Rotarian Vinton Loucks, were sorry to hear of Vinton's accident, in which he broke a bone in his foot. It is hoped he has a speedy recovery.

Arvo Kaasainen, with a talk and movies of Finland was the program on Monday evening. Arvo told the Rotarians that Finland was a small country, only one third the size of Ontario. The population at the present time is 4,700,000. He explained that Finland depended on the wood industry, the lumber trade being second only in Canada. The movies certainly backed up this information, for Finland has some fine forests and many lakes.

A program for some evening later on in the spring will feature a Toronto Maple Leaf player. This is being arranged now, and it is hoped that many of the local minor hockey players will come as guests of Rotary.

## RISE IN CANCER MORTALITY

Twenty years ago the death rates for cancer were approximately equal in men and women, but since then the mortality rate in men has risen 23% and the mortality in women 7%, according to a recently-released publication, "A Clear Look at Cancer", produced by the Canadian Cancer Society.

A rise in the mortality rate of men is due mainly to rapidly increasing cancer of the lung — a largely preventable disease. Cigarette smoking is the cause of the alarming increase in human lung cancer in the past years. The decline in mortality among women is due chiefly to the reduction in mortality from cancer of the uterus.

## CONGRATULATIONS

The team is not known yet, who the Minden Bantams meet in the Ontario Semi-Finals, however it can be said at this time, congratulations. Not only do we congratulate them for advancing this far in the Ontario play-downs, but more important for their good behaviour and conduct while representing Minden.

We have been kicking around various sports teams for nie on to twenty years. this bantam team in our opinion, stands right at the top of the list, for being well mannered, polite young citizens. These kids are a good reflection on both their coach Don Campbell and their parents, who both can be justly proud. As fine good-will ambassadors of Minden, it is our privilege to congratulate this Bantam hockey team on behalf of the people of this community, and wish them the best of luck in their play for the Ontario Championship.

## ANOTHER TAX

What will be next, in the way of taxation — the latest is this: When you put that bamboo pole over your shoulder, fishing tackle in one hand, can of worms in the other, you will need a licence in your pocket, before you can wet the line.

The fish are the only ones who don't pay. There is tax on the fishing equipment, tax on the worms, unless you dig 'em — now you pay tax for the privilege to fish.

One thing bothers me, back in 1880 or thereabouts the Federal government took over all navigable water rights. I would like to know the answer to this question. "How does the Provincial Government tax a man \$3.00 to fish on Federal waters?" This fish story smells a little as far as we are concerned.

## ADVERTISING MEANS MONEY

Newspaper advertising pays off big for Simpson's in Toronto. These people expect to sell \$25,000 to \$40,000 worth of merchandise for every page of advertising it runs, according to a report in Marketing quoting Ira Reid, the store's advertising manager. The Company has pulled as much as \$75,000 from a single dress ad in the Globe and Mail, Toronto's morning paper.

Reid says his company places an average of 30 to 40 pages of advertising a week in the Toronto area, and for every 100 lines of space at 50 cents a line he expects \$1,000 in sales. (There are 14 lines to the inch in advertising measurements.)

Simpson's regard the Globe & Mail as a showpiece medium for its best advertising — 80 per cent of its fashion copy. The Star and Telegram, Toronto's evening dailies, are used less for prestige ads and more for store-wide and price-off merchandise.

Since we are in the advertising business, we are asked by many people the question, "how do you know, how much money is made because of advertising?" The above report explains and proves the advantages for Simpsons, through advertising in newspapers. Any increase one might have, certainly would have a bearing on advertising. A simple explanation is this, "the most successful businesses, do the most advertising."

## DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular weekly feature prepared by the Family Financial Counselling Service of the Avco Delta Corporation, P. O. Box 2820, London, Ontario. All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

Dear Sir: You seem to know it all. I need more money. It costs me more than I make to keep my family in the bare necessities. How can I get a raise?

If it is, in fact, costing you more than you earn to provide for your family with the "bare necessities," immediate action is called for. You have several choices. First, however, make a careful evaluation of your spending to make certain you are using the money you have properly. Keep track of every penny for at least two months. Perhaps you will find areas in which you can cut back a little; some spending which is not really necessary. You may even find that you pay all your necessary bills and still put a small amount aside for those emergencies which seem to crop up so often.

On the other hand, you may find that you absolutely cannot make ends meet on your current income. Then you must make a

choice. You can, for one thing, accept a lower level of living — reduce your expenditures for food, clothing, shelter. This isn't a very satisfactory solution but some people have to do it in order to survive.

As an alternate, consider whether other members of your family might not be able to take on temporary employment in order to increase the family income. You, yourself, may have to take a second job at night or on weekends. Finally let me suggest that you take stock of your skills. Are you using them to best advantage in your present job or should you be looking for work where your abilities will be better utilized? Is there such a job in your present company? Have you been checking the "Help Wanted" ads to see if there is a need for your particular aptitudes? Have you registered with the appropriate government employment service.

Perhaps you are capable of a better-paying job, but need some additional training. Have you checked in your community to see if such training is available? Perhaps a night school class is all you need.

Whichever choice you make, don't be discouraged. Others have been in similar positions and have worked their way out of them. With careful spending and with determination, you can too.

## KAWARTHA - HALIBURTON CAS REQUEST LOWER GRANT FROM COUNTY COUNCIL

The Kawartha Haliburton Children's Aid Society will re-Victoria County this year than in quest nearly \$6,000 less from 1967.

George Dove, local CAS director said expenditures for 1968 have been estimated at \$336,306, but because of a deficit last year of \$1,418 the total amount required by the CAS this year will be \$337,265,987 which is 78.6 per cent of the total and the balance is being requested from the four municipalities served by the Kawartha Haliburton Children's Aid Society.

Victoria County will be asked to provide \$17,737 to be collected from the municipalities. Last year's request from Victoria County was \$23,049 said Mr. Dove.

Mr. Dove explained that the factor in the operation which most directly affects the cost to each of the municipalities it serves is the number of children who come into one care of the CAS from families in the community.

"During 1966, we usually had in our care, at any one time, 35 children who were the responsibility of the County of Victoria. During 1967 the usual number was 29", said Mr. Dove.

When the  
time comes

#### BELL MEN RECEIVES AWARDS

On Tuesday, March 12 — 3 employees of Bell Canada were honoured by the Ontario Safety League for their contribution to traffic safety at the Annual Safe Drivers Award Banquet.

This was held at the Rock Haven in Peterborough and featured awards to many Bell Drivers who had completed from 1 to 25 years of accident free driving.

Russell Woodcock of Haliburton received the 7 year award while John Stapley was presented with

the 2 year award. Mike Newell of Minden has earned the award for 12 years of driving without an accident. This will be presented to Mike on his return from Toronto where he is completing a course at the Bell Plant School.

These former Dysart employees are to be congratulated for their efforts in practising defensive driving over the years and their personal contribution towards public safety in the communities where they work.

#### OPP AUXILIARY OFFICERS ATTEND TRAINING MEETING

Twenty-three of the 28 man Ontario Provincial Police Auxiliary force attended their semi-monthly instruction meeting at the Lindsay Detachment Thursday evening. Included in the turnout were three new recruits from the Minden-Haliburton area.

Provincial Constable Grant Saunders, who is in charge of the Auxiliary force, put the men on their own Thursday night and he looked on as the members conducted the meeting.

Auxiliary Inspector Jack Montague and Auxiliary Corporal Ross Tremere conducted the meeting with Auxiliary officer William

Junkin conducting the drill exercises.

Constable Saunders told "The Post" three of the auxiliary officers will shortly be joining the Ontario Provincial Police.

## SPORTS

WITH BOB BEENEY

The Minden Bantams meet Schomberg Bantams in a two out of three semi-final series that will start on Friday night at 7.30 p.m. The game which is Minden's home game will be played in Haliburton since the ice in the Minden Arena has been covered with water since the current mild spell started. Schomberg defeated Bala in their quarter final series to win the right to meet Minden. The second game of the series will be played on Saturday afternoon in Schomberg.

The third an deciding game will be decided on Friday night when the managers of both teams flip a coin to see which team will play two games at home. The third game will only be necessary of course if the teams split the first two games.

Schomberg will be a difficult team to beat and the Minden Bantams will have to play inspired hockey to win. The town of Schomberg is about the same size as Minden but they have a much heavier populated surrounding district.

It is unfortunate that Minden must play their home games elsewhere than in Minden but the people of Minden have a lot of confidence in the ability that the team has and know that the players will give Schomberg a real battle.

Even though the game will be played in Haliburton I hope that a good home town crowd will be in attendance to wish the team well.

The Glen Dart Tournament was held on Friday night in Haliburton and Haliburton managed to come up with three wins while suffering one loss.

In the first game Haliburton Squirts beat Wilberforce 1-0 while in the second game Haliburton beat the Minden Novice team 6-0. Minden Pee Wees edged out Haliburton by a 4-3 score although they were down 2-0 in the first period. Haliburton won their third game of the night when their juveniles bombed Minden 11-0.

Unfortunately more areas in Haliburton County are not represented because it appears that the tournament has narrowed down to a series of games between Dysart et El and Minden.

The Squirt Tournament that was to be held in Kinmount last Sunday was cancelled because of ice conditions and it is doubtful whether it will be held unless a rink with artificial ice is rented.

Joe and Lois Gamsby and Lorne and Enid LeCraw combined forces to win the Fenelon Falls Curling Club's annual St. Patricks Bonspiel. They won by just three quarters of a point to win the Hiram Walkers Trophy along with many wonderful prizes. The bonspiel ran for a whole week and from all reports was a real success. Joe Gamsby who is President of the Fenelon Falls Curling Club has invited me down on March 30 to take part in the festivities when their annual Round-Up Bonspiel ends the curling seanson.

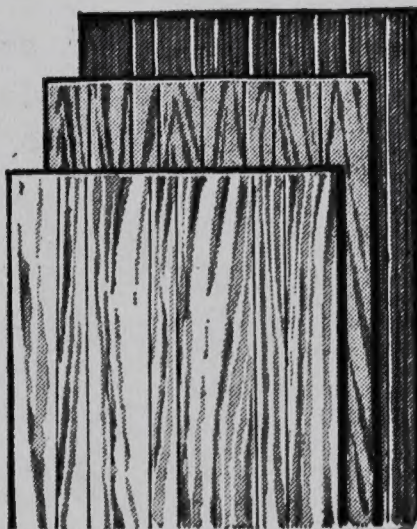

Don't forget to get a book of tickets on the transistor radio the Minden Minor Hockey Association is raffling. The association needs funds to finish the hockey season and to give the kids a get together when crests and trophies are presented.

### HEAVY AGENDA AT COUNCIL MEETING

(Continued from Page 1)

the Minden Cemetery.

From the Salvation Army asking for donation for their work.

From the Smith Falls Hospital League, asking for names of members of Council also service clubs, church organizations etc. So they could be invited to an open house to be held at the school in April.

It was moved by Reg. Booth, seconded by Roy Windover that the Council would be willing to approve an amount up to \$85,000 for expenditure on the construction of 2 classrooms and one library research classroom as an addition to the Archie Stouffer School here in Minden.

It was moved by Roy Windover, seconded by Robert Gorrie that a cheque in the amount of \$4709.11 be issued to the Community Centre Board as a grant, on condition that the Community Centre Board return same to cover debentures on Community Centre for years 1965, 1966, 1967, 1968. Carried.

Moved by Roy Windover seconded by Reg. Booth that the following accounts be forwarded to the O.W.R.C. for payment out of the contingunciss fund; Canada Brass Ltd. \$118.28; McNights Haulage \$583.75; W. M. Jackson \$287.50.

Moved by council that they approve in principal the application of British American Oil Co. to build a service station on a certain lot in Minden, on the By-Pass, as per application and drawings submitted today, with two bays or more; their representative Mr. R. A. Marson this date and that following addition as above to the plans, the Township do proceed with the neces-

### NOTICE to CREDITORS AND OTHERS

In the Estate of

**HARRY ROBERTSON.**  
 deceased.

All persons having claims against the estate of the above-mentioned Harry Robertson, late of the Township of Anson, in the Provisional County of Haliburton, who died on the 18th day of December 1967, are required to file proof of the same with Annie May Van Winkel, the Executrix of the Estate of the said deceased in care of David M. Bishop B.A. L.L.B., Box 472, Haliburton, Ontario, on or before the 6th day of April, 1968.

After that date the executrix will proceed to distribute the estate, having regard only to the claims of which they then shall have had notice.

Dated at Haliburton, Ontario this 1st day of March, A.D. 1968.

DAVID M. BISHOP, B.A., L.L.B.,  
 Haliburton, Ontario.

Solicitor for the said Executrix.

sary by-laws governing the same. Carried.

Moved by Reg. Booth seconded by Roy Windover that the clerk be hereby authorized to transfer \$400 to the water works account from the general account to pay the current instalment to the O.W.R.C. same to be repaid to the general account when available.

Moved by Robert Gorrie seconded by M. S. Vasey that this council do agree that subject to the particulars being presented by the Anglican Church cemetery Committee and being acceptable to this Committee this Council do agree to consider the operation of the Minden Cemetery as a Municipal Cemetery. Carried.

Moved by Roy Windover seconded by Reg. Booth that the clerk be authorized to order a 2 h.p. 220 volt Federal Universal Siren for the Fire Department from Wilson and Cousins Co. Ltd. for the amount of \$515.00 plus Provincial Sales Tax. Carried.

Moved by Reg. Booth second-

ed by Roy Windover that the Municipal accounts in the amount of \$15,886.94 as read by the clerk, be approved for payment. Carried.

Moved by Robert Gorrie seconded by M. S. Vasey that the road accounts for the month of February in the amount of \$5,007.31 as read by the clerk be approved for payment. Carried.

## LIBRARY NEWS

The Haliburton County Public Library Board convened on March 7th at 8 p.m. in the County Office with Mrs. P. Neville, Mrs. E. Hewitt, Mrs. E. Bursey, Mrs. V. Agnew, Mr. R. Brohm and Mr. Noel McNeill secretary present.

Moved and seconded that the minutes of the previous meeting be adopted as read. Carried.

Letter from the Regional Library Board was read and discussed.

Moved and seconded that we pay \$95.80 to the Bicroft Council as in their letter of February 13th 1968. Carried.

Discussion of branch grants followed and will be brought up again at the next meeting.

Moved and seconded that a Petty Cash Fund of \$50.00 be established. Carried.

Moved and seconded that a letter be sent to Dysart Council expressing our willingness to pay \$50.00 a month rent for the use of the basement as our County Office and requesting a letter accepting this and accepting our expenditures on the office in lieu of cash payment until January 1970. Carried.

Moved and seconded that a letter be sent to the Regional Library applying for installation of a telephone in Minden Library as per their minutes of February 18th 1968. Carried.

The Chairman declared the meeting adjourned.

## VICTORIA - HALIBURTON

### HEALTH BUDGET COULD

EXCEED \$150,000 THIS YEAR

The proposed budget for the first nine months operation of the Victoria - Haliburton counties Health Unit could exceed \$150,000 committee members were told on Wednesday.

County clerk Frank Weldon said the items in the proposed budget totalled \$128,000 but added additional items still have to be obtained.

It is proposed to hire a nursing supervisor and a chief sanitary inspector in the near future with additional staff being hired as required.

The Department of Health has suggested the staff required will include five sanitary inspectors, eight public health nurses and four women for office duties.

The health committee passed a resolution to table the proposed budget at the March session of Victoria County Council.

The committee also proposed opening a branch office in Haliburton County, possibly in the village of Haliburton.

Applicants for position of nursing supervisor and chief public health inspector will be considered at the next meeting.

## ANGLICAN CHURCH NEWS

### CARD PARTY

There has been some confusion over the date of the card party at St. Paul's this month. It will take place on Friday, March 22nd. at 8.00 p.m. Please disregard the advertisement in last week's papers. On Wednesday evenings at 8.00 p.m. during Lent, there is a Service of Evening Prayer and a Discussion. So, as we said last week, plan to get your shopping done early on Friday night, and come along to the Parish Hall for your favourite game. This is the one week in Lent when the Church recommends a "breather" during this solemn season. Like any good mother, she realizes that her children have to blow off steam every now and again, so come along and enjoy yourselves. As was reported last week there will be the usual choice of games, and refreshments will be served afterwards.

### ST. PAUL'S INSTALLATIONS

The sidesmen who were elected in January turned out in full force last Sunday to be installed by the Rector. The whole Parish

wishes these dedicated gentlemen well, and is grateful that there are so many who are willing to give of their time and talents in this work, which is for the most part "unheralded and unsung", but which is so necessary for the smooth running of any Church. The Rector is grateful to all of them, because the Lay members of the Parish, such as these, can do so much to make the Church come alive in the community. Two Servers were admitted to the Servers Guild last Sunday — Charles Hyde at St. Paul's and Michael Johnson at St. Stephen's, Boskung. They both received their Silver crosses, and are now fully fledged members of the Guild. Without the help that all these Lay members of a Parish give to their Incumbent — the Wardens, the Sidesmen, the Servers, the Choir, the Sunday School teachers, and so many more who work in so many ways for the good of their Church and their fellow men, the Church could become just a building, instead of a vital, living thing which everyone who comes to St. Paul's wants it to be.

## WOODS, WATERS AND WILDLIFE

By James Woodford

Concern for the future welfare of the polar bear brought together a small group of leading scientists from several nations at Morges, Switzerland in January, 1968. The meeting was arranged by the International Union for Conservation of Nature and Natural Resources. Invited to attend were scientists from Norway, Canada, Soviet Union, United States and Denmark.

The polar bear is one of the species listed in the IUCN Red Data Book on the world's rare and endangered animals.

The meeting was a valuable experiment in international co-operation which proved highly successful. A wide variety of scientific data was freely exchanged, and agreement was reached on a far-reaching outcome was the formation of a permanent international committee of scientists engaged in polar bear research.

The scientists recognized that more knowledge concerning distribution and abundance of polar bears was required, and agreed on methods and scientific techniques to obtain this information.

A tagging and marking program is already in operation in various parts of the Arctic as a means of assisting the study of migratory movements, habits and requirements.

Other important topics discussed included: techniques for bear censusing by means of both aerial and surface survey methods; bear productivity and survival;

taxonomic studies to determine if local races exist; techniques for capturing and marking polar bears; and the recording of polar bear harvests throughout the Arctic.

The Federation of Ontario Naturalists believes this working meeting of polar bear scientists will not only advance conservation of the species but will help create a broader understanding of the Arctic environment. It may also serve as a new approach to ecological situations elsewhere in the world which can be satisfactorily resolved only through international scientific collaboration.

The Government of Ontario has a unique opportunity to take a leading role in polar bear preservation by establishing Polar Bear Park in extreme north-eastern Ontario. An area of 5000 square miles containing some tundra and arctic flora and fauna, was proposed by the Federation of Ontario Naturalists.

## POPULAR TEAM

Barbara Bain (Cinamon Carter) and Martin Landau (Rol-  
lin Hand) are two of a team of five international crime  
busters on CBC-TV's popular Mission Impossible seen  
every Wednesday evening (in color). They are in real life  
husband and wife and their team at home consists of  
two girls Susan Meredith 5 and Juliet Rose 3. Recently  
Martin won the Golden Globe award for the most pop-  
ular male TV actor of 1967.

## POEMS OF THE HIGHLANDS

By Burleigh Wallace

### HALIBURTON HILLS

He who knows their scenic splendour,  
Let him travel where he wills;  
Unsurpassed will be his vision  
Of the Haliburton Hills.

When the magic wand of summer,  
All the land with beauty fills;  
Oh what charm for city dwellers,  
Waits on Haliburton Hills.

Peacefull valleys dot the landscape,  
Where the patient farmer tills;  
Rustic meadows, set like gems, in  
Haliburton's rugged Hills.

Placid lakes and winding rivers,  
Spring-fed gleaming little rills;  
All unite to charm the traveller,  
In the Haliburton Hills.

Autumn in the Northern Highland,  
Heart of every Artist thrills;  
Nature with a royal garment,  
Clothes the Haliburton Hills.

He who knows their scenic splendour,  
Let him travel where he wills;  
Summer charm will ever bring him  
Back to Haliburton Hills.

## SMOKERS ANONYMOUS OPERATING IN SCHOOLS

Smokers Anonymous in the el-  
ementary schools of Lindsay.

Teachers are organizing the  
groups in their classrooms in an  
effort to help young addicts kick  
the cigarette habit. Doctors and  
others knowledgeable about the  
health hazards of cigarette-smok-  
ing have been invited to sit in  
on the group therapy sessions.

Membership in the groups is  
restricted to students with a gen-  
uine desire to quite smoking, and  
attendance is voluntary. Mem-  
bership is anonymous because  
many of the students do not  
want their parents to know that  
they are addicted smokers.

The smokers' are part of an  
eight-month educational cam-  
paign being conducted in Lind-  
say by a local group, known as  
the Co-ordinating Committee on  
Smoking and Health. The com-  
mittee is supported by the Ont-  
ario Medical Association, the  
Ontario Heart Foundation and  
the Canadian Cancer Society.

Primary purpose of the project  
is to determine the value of public  
educational campaigns. Attitudes  
of people in Lindsay, both adult  
and juvenile, towards cigarette  
smoking were assessed through  
a public opinion survey, and will  
be compared with the attitudes  
reflected in a re-survey in Nov-  
ember, following an intensive  
educational campaign in news-  
papers, radio, television, in the  
schools and on public platforms.  
During the campaign it is hoped  
to encourage cigarette smokers  
to quit, and to discourage non-  
smokers from starting the habit.

Dr. C. W. M. Service is chair-  
man of the project; E. Freeborn  
is secretary, and Mrs. A. E.  
Hick is program co-ordinator.  
The project has general support  
throughout the community, with  
Mayor John Eakins serving as  
honorary chairman, and repre-  
sentatives of the ministerial as-  
sociation and school teachers  
working with the medical pro-  
fession and the voluntary health  
organizations.

## STEAM BATHS

The weight lost from a steam  
bath is temporary and will be  
recovered at the next meal, says  
the National Health and Welfare  
publication, "Get Fit — Keep Fit".  
All forms of hot baths, dry or  
wet, increase body temperature.  
Because of this high body temp-  
erature, a person perspires and  
loses body water. A two or three  
pound loss is common with a  
15-minute bath. Football players  
often lose 6 to 10 pounds or more  
during a game in warm weather.  
However, hot baths do not "melt"  
away any fat, the booklet says.  
Some men claim that these baths  
do help them to relax.
